BEWL WATER FISHERY REPORT 2008

14th August

Cooler evenings, rain and cloudier conditions led to an improvement in boat fishing over the weekend, which has continued during the week. The fish have been near the surface over deep water in the Main Bowl and near the dam. Anglers have also been successful drifting from Hook House towards the fishing lodge jetty. Bank fishing has also shown signs of improvement with a number of fish being caught at the Chingley corner of the dam.

Regular anglers have been fishing intermediate lines using the washing line format, but most fish have been taken on the Booby.

Other successful flies have been Diawl Bachs, Cormorants Minkies and Silver Invictas.

Largest fish was a 3lb 10oz rainbow netted by season ticket holder Bruce DeCoursey from a boat in the Main Bowl on a Booby.

Top 25 Fish of the Week				Statistics from Returns
